

# Series

Superlight Series ST Economy Class seat

# 3

**The Superlight ST is the simplest expression of Acro's design principles.**

At 63 parts per triple, it offers unrivalled reliability and ownership costs, combined with all the legroom advantages of the monospar chassis it shares with other Acro seat types.

The mini tray table with its unique "latchless latch" is perfectly designed to support a tablet computer and be reliable for the entire life of the seat.

## Key benefits

- Comfort
- Robust
- Easily maintained
- Lightweight
- Price

## Certifications

- ETSO/TSO C39b (9g)
- ETSO/TSO C127a (16g)

### Understanding the needs of airlines

Acro seats exemplify the fundamental design principle of simplicity and a complete understanding of the aircraft cabin environment. Positioned in the sweet spot where comfort, robustness and weight are in perfect balance, Acro seats offer the best solution for Economy Class seating.

Acro has been designing, certifying and manufacturing Economy Class aircraft seats since 2006 and now has 80,000 flying worldwide.
